

Jenkins

Jenkins: Distributed Builds

Install Jenkins Master on Cloud

Jenkins Slave Agent:

Jenkins : Ways to Start Slave

- ❖ The master can start the Slave agents via SSH.
- ❖ Start slave manually using Java web-start.
- ❖ Install the slave agent as windows service.
- ❖ Start the slave directly from command line on slave machine.

Jenkins : Install Jenkins on Master Node

Commands:

```
wget -q -O - http://pkg.jenkins-ci.org/debian/jenkins-ci.org.key | apt-key add -  
echo deb http://pkg.jenkins-ci.org/debian binary/ > /etc/apt/sources.list.d/jenkins.list  
apt-get update  
apt-get install jenkins
```
